

County of Fresno Report for FMCoC General Membership Meeting: January 12, 2023

Remaining HCD ESG CARES Act Funding Recommendations:

- \$356,700 to support Bridge Point Emergency Shelter
- \$133,282 to support the extension of emergency shelter stays for CalWORKs families at The Flats

HHAP

- The HHAP-4 application has been accepted by the State. We received an application evaluation summary on 12/29 which indicated no amendments or recommendations for future applications. Goal assessment is still in progress and feedback will be provided through a more individualized support process. If we are required to amend any of the goals submitted, Cal ICH will be reaching out with separate instructions in early January. We have not yet received any such instruction.
- The HHAP Rounds 1 and 2 Annual Reports were submitted to Cal ICH on December 14, 2022. These are expenditure reports through 9/30/22 and include performance measure data pulled from HMIS. A summary of the reports will be shared in the February meeting.
